Surgical Procedure for Anesthesia			

- I, the undersigned owner or agent of the pet identified above, authorize the staff of Fairfield Veterinary Hospital to perform the above procedure(s).
- I understand that some risks always exist with anesthesia and/ or surgery and that I am encouraged to discuss any concerns I have about those risks with the attending veterinarian before the procedure(s) is/are initiated.
- While I accept that all procedures will be performed to the best of the abilities of the staff at this hospital, I understand that no guarantee or warranty has been made regarding the results that may be achieved.
- I also assume full responsibility for any additional expenses incurred after the surgical procedure is performed, such as follow up radiographs, re-check physical exams and additional surgery due to post-op complications. These are more likely to occur when there is a failure to comply with the aftercare instructions.

Intake Evaluation

When did your pet last eat or drink?	
List any medications in past 14 days	

Many anesthetic procedures are safer when the patient has an IV catheter placed & fluids administered. For some procedures IV fluids will be required, for others it is encouraged but not mandatory.

Place your pet on IV fluids during the procedure for an additional fee?	YES	<input type="checkbox"/>	NO	<input type="checkbox"/>
Would you like a printed estimate for today's procedure?	YES	<input type="checkbox"/>	NO	<input type="checkbox"/>

DATE	<input type="text"/>
------	----------------------

I have read and fully understand the terms and conditions set forth above.
